New Presenters:

Inclusive TLC

Inclusive TLC where we specialize in the very best special needs software, switches and computer access devices, simple communication aids and assistive technology for learners with a physical disability, sensory impairment or severe learning disability.

INFOCOR, LLC

The Satalight Designed specifically for children with special needs, in collaboration with educators, therapists and parents, the satalight™ is a “light at the end of the tunnel” offering individuals with disabilities, hope, opportunity for personal growth and achievement, educational development, and allows them to flourish in ways they never thought possible.

Origin Instruments

Proloquo2Go is a new offering from AssistiveWare that provides a robust communication solution for people who have speech challenges. The company's flagship product, HeadMouse® Extreme, has seated Origin Instruments as a leader in head-pointing technology.

Slater Software, LLC

The flagship product for Slater is Picture It. Picture It software has evolved to version 4, which includes a library of approximately 6000 Literacy Support Pictures™, text-to-speech, easy importing. It currently works on both Macintosh and Windows systems, to include MacOS 8.6-10.6 and Windows 2000-XP.

Thinking Moves, LLC

Thinking Moves developed a DVD called WeMoves and is new to the AT market. Thinking Moves LLC creates innovative multimedia products that transform the mind and body. The basis for the company's activities is the growing body of knowledge on the relationship between music, movement and mood.
